

BIOLOGY 4999E 2025/2026

Dear potential 4999 students, supervisors and co-supervisors.

Projects can be based on wet lab experiments, in silico analyses, data analyses or field work (those can start in the summer BUT provide rationale for not performing that work during the school year).

Please refer to the current slide posted on the Biology Course webpage for further information and details on this course.

BIOL4999E Application Form 2025/2026

Print Clearly:

Student Name: _____

UWO Student #: _____

E-Mail Address: _____

Proposed Honors Module: _____

Part of IGS: yes no

Supervisor Name: _____

Type of position within Biology – circle one (see posted Information slides for details):

Faculty Cross-Appointment Adjunct

E-mail Address: _____

Signature: _____

Please complete if applicable (see posted Information slides for details)

Co-supervisor Name: _____

Signature: _____

Circle one:

Project requires field work during the summer of 2025: YES* NO

* If YES: Add a section below with a rationale to explain why this work cannot be done during the school year.

SEND COMPLETED APPLICATION FORM TO THE BIOLOGY 4999E COURSE
COORDINATOR ANNE SIMON, asimon28@uwo.ca

The applications will be approved only if the proposed research activity **adheres** to current Western University guidance on research activities.

ABSTRACT REQUIRED FOR EVERY APPLICATION

IN 250 WORDS, PLEASE PROVIDE A DESCRIPTION OF THE PLANNED RESEARCH PROJECT.

ADD 100 words to justify summer field work.

DEADLINE FOR SUBMISSION: APRIL 30, 2025
