UWO Student Absence Portal

A new policy on Academic Consideration for Undergraduate Students in First Entry Programs is in effect as of **September 1, 2024**. If you will miss a course-related component (e.g., laboratory/tutorial, performance, presentation) or a course-related assessment (e.g., term test, quiz, examination) due to extenuating circumstances, you may be eligible to request an Academic Consideration. Academic consideration may take the form of completing the missed component at a later date, or reweighting of the assessment, for example.

STUDENT ABSENCE PORTAL KEY FEATURES

- All students in First Entry Programs at Western Main Campus, Huron, and King's will use the Student Absence Portal to submit requests for Academic Consideration
- Students will also use the portal to submit Religious Accommodation Requests and test/exam conflicts or multiple-exam situations
- Students registered with Accessible Education should only use the portal if their extenuating circumstance is NOT related to their disability or plan of accommodation eligibilities

- Supporting documentation can be attached in JPEG or PDF formats. HEIC (common Apple photo format) is not supported
- Students will log into the portal using their Western username and password, complete the required fields, and attach supporting documentation (unless submitting an undocumented absence)
