S.03-12 **Revisions to the Admissions Scholarships Program**

In January 2003, the following recommendations will be forwarded to the Property & Finance Committee and the Board of Governors regarding changes for Undergraduate Admission Scholarships:

- A) That effective May 1, 2004, an unlimited number of Continuing Scholarships be available for students with entering averages of 95% or higher and that the value of the award be increased from \$2,000 per year to \$2,500 per year for four years. (In order to retain the award, students will be required to maintain a yearly average of 80%.)
- B) That effective May 1, 2004, the value of the Western Scholarship of Distinction be raised from \$1,000 to \$1,500, for students with entering averages between 85% and 89.9%. [*Not "90% and 94.9%" as incorrectly stated in Exhibit IV.*]
- C) That effective May 1, 2004, the minimum average for eligibility for the Western Scholar Award be raised from 80% to 83%, and that effective May 1, 2005, the Western Scholar Award be discontinued.

Mr. Etherington asked if Western's Admissions Scholarships Program is similar to those at other universities. Dean Timney stated that universities differ in their approach to the admission scholarships program by either giving a large number of small value scholarships or by giving very few high value scholarships. Dr. Harris stated that Western's overall Admissions Scholarships Program is one of the most generous in the province. Under the current program nearly all of the students in the entering class last year were eligible for the Western Scholar Award, given the admissions average level. The revisions to the Admissions Scholarships Program recognize the top performing students, provide some guarantee about the kind of scholarship support students would be eligible to receive, respond to the need to ensure that the Program is competitive, and provide continuing admissions scholarships. Dean Timney added that the entering averages have been increasing year after year so that in effect the minimum level scholarships are essentially tuition rebates.

Mr. Vaillancourt asked about the total spending relative to the program. Dean Timney advised that this year more than \$3.7 million was allocated from the University's operating budget.

S.03-13 **Report on New Scholarships and Awards**

Senate approved the terms of reference for the following new scholarships, awards, medals and fellowships for recommendation to the Board of Governors through the Vice-Chancellor:

- Larry Shaw Athletic Scholarship (Any Undergraduate Faculty)
- A. Grace Crawford Bursary (Faculty of Arts, English or French)
- Oticon People First Scholarship (Faculty of Graduate Studies, Communicative Disorders)
- Rollick Beverage Company Inc. Scholarship (Richard Ivey School of Business)
- Valued Contributor Awards (Richard Ivey School of Business)
- Class of 1947 Arts Scholarship (Faculty of Arts)
- Gracey Family Graduate Scholarships (Faculty of Graduate Studies, Political Science)
- Mitch and Leslie Frazer Scholarship (Faculty of Law)
- Anne M. Elliot OSOTF Award (Faculty of Education)
- A. James Ford Memorial Award (Faculty of Music)

Dean Timney stated that the Mitch and Leslie Frazer Scholarship (Faculty of Law) should be amended to read: "*minimum B+ academic average*", not "*minimum 80% academic average*" as contained in the report.

S.03-14 **2003 Deadline for Changes to the 2004 Academic Calendar**

Senate was informed that although the World Wide Web copy of the academic calendar is updated on an ongoing basis, the print copy of the calendar is updated annually and has a November 1st deadline for changes. In light of the large number of changes to programs as a result of the undergraduate curriculum reform process, the Registrar's Office is concerned that the academic calendar cannot be prepared in time for the December print deadlines without additional time for review of the changes to programs and courses. For this reason, the calendar deadline for inclusion in the 2004 printed copy of the academic calendar will be moved from November 1, 2003, to September 19, 2003.

S.03-15 **DAP Approvals to be Posted on the Web**

Effective January 1, 2003, approved changes to programs and courses which are channeled through the Deans: Academic Program [DAP] (a "virtual" subcommittee of SCAPA) process will be posted on the web at <http://www.uwo.ca/univsec/DAPapprovals/>. More information about DAP may be seen in the Academic Handbook on the web at <http://www.uwo.ca/univsec/handbook/> in the section entitled "How to Make Changes".

UNIVERSITY PLANNING (EXHIBIT V)

S.03-16 **Revised Guidelines on Collaborative Research**

Before proposing the motion, Professor Skarakis-Doyle read the following correction (*shown in italics*) to Exhibit V, Appendix 1, Guidelines for Collaborative Research, page 2: 7.00: "... In no case shall a Centre or Institute be permitted to operate in a *deficit* position or to incur debt."

On behalf of the Senate Committee on University Planning, it was moved by E. Skarakis-Doyle, seconded by J. Margaritis,

That Senate approve and recommend to the Board of Governors, through the Vice-Chancellor, the revised Guidelines on Collaborative Research shown in Exhibit V, Appendix 1.

CARRIED

S.03-17 **Strategic Plan for Internationalization at Western**

It was moved by E. Skarakis-Doyle, seconded by E. Cairns,

That Senate approve and recommend to the Board of Governors, through the Vice-Chancellor, the Strategic Plan for Internationalization at Western as set out in Exhibit V, Appendix 2.

CARRIED

S.03-18 **Rogers Chair of Studies in Journalism and New Information Technology**

It was moved by E. Skarakis-Doyle, seconded by C. Farber,

That Senate approve and recommend to the Board of Governors, through the Vice-Chancellor, the revised terms of reference for the Rogers Chair of Studies in Journalism and New

Information Technology, detailed in Exhibit V, Appendix 3.

CARRIED

S.03-19 **CFI Round IV - A Preliminary Look**

Dr. Nils Petersen, Vice-President (Research), reported on the CFI Round IV. Overhead slides used to highlight his presentation are attached as [Appendix 2](#).

S.03-20 **ADF New Research and Scholarly Initiative Award - Spring 2002 and Fall 2002 Small Grant Funding**

Senate received an report on the ADF New Research and Scholarly Initiative Award - Spring 2002 and Fall 2002 Small Grant Funding, detailed in Exhibit V, Appendix 4a and 4b.

S.03-21 **South Valley Building - Exterior Design**

Mr. Riddell gave a brief report on the proposed exterior design of the South Valley Building which incorporates many of the features that have been identified in the Campus Master Plan as being complementary to the existing architecture of the more attractive buildings on campus. The design as shown in Exhibit V, Appendix 5, incorporates the use of artificial rough and smooth stone (ariscraft), framed windows, vertical and horizontal elements in a pre-cast concrete stone and masonry, as well as a curved wall on the exterior of the classroom which will face Huron Drive.

Professor Haywood-Farmer asked if wind tunnel studies were conducted in determining the site for the building. Mr. Riddell stated that because the building is in an open area wind tunnel studies have not been conducted, but will be required when siting the other buildings on the South Valley site.

S.03-22 **REPORT OF THE ACADEMIC COLLEAGUE (EXHIBIT VI)**

Senate received for information the report of the Academic Colleague on the 263rd Meeting of the Council of Ontario Universities. Topics discussed at the meeting included the state of readiness for the double cohort and proposal from colleges to offer applied degrees.

S.03-23 **ANNOUNCEMENTS & COMMUNICATIONS (EXHIBIT VII)**

Announcements and Communications, detailed in Exhibit VII, were received for information.

ENQUIRIES AND NEW BUSINESS

S.03-24 **Campus Alcohol Policy [S.02-257]**

Mr. McAlpine asked for an update on the Campus Alcohol Policy given that at the last Senate meeting Dr. Mercer reported that the Alcohol Policy Review Committee (APRC) would meet in January 2003.

Dr. Mercer advised that the specific concerns raised at the last Senate meeting (S.02-257) were presented to the APRC at its meeting earlier this week. Amendments to the Policy proposed by the APRC are under consideration by a drafting committee which will report back to the APRC during

the first week of April. The amendments relate to the timelines and to the desire to move some of the detailed information from the policy itself into an appendix which would not require amendment by the Board each time something is revised. The question of the responsibilities in the area of prevention are not as advanced as the committee would like because it has spent most of its time on the simple mechanics of getting the approvals in and the template documents produced. Some of the questions about inspection will be addressed in the amendments as well as the requirement to provide bus transportation using only the London Transit Commission (LTC). The LTC does not travel outside the City of London, consequently that was seen as a "subtle constraint" embedded in the policy. There was a concern expressed that students being charged for violations of the Policy fall under the Code of Student Conduct but that there is no corresponding mechanism in the policy for violations by other campus groups. Dr. Mercer stated that while that is not explicit in the policy, it would be understood that, as with any other violation of University policy, some form of discipline would be imposed. Western has a specific Code of Student Conduct that can be seen to dovetail with the Campus Alcohol Policy, but the omission of reference to discipline for other groups in the policy does not mean that there would be no discipline imposed.

Mr. McAlpine asked if Section 9 will be removed from the Policy. Dr. Mercer advised that Section 9, which is the section that describes in considerable detail the requirements of conducting an event off campus, will be included in the appendix to the Policy. The APRC will have the power to amend this Appendix from time to time without requiring the APRC to seek Board approval. This simplifies the amendment mechanism.
