

Art History 2676F

Fall 2023

Introduction to Design

Teaching Assistants:

Prerequisite: 1.0 from Art History 1640 or two of Art History 1641A/B-1648A/B, or the former VAH 1040 or two of the former VAH 1041A/B-1045A/B, or 1.0 essay course from Arts and Humanities, FIMS, or Social Science, or permission of the Department.

Course Description: This course introduces students to the theory, history, and practice of modern design from the end of the 19th century to the present day, as well as touching on its sociocultural impact. Using a wide range of historical and contemporary examples the course provides students with the basic principles of design, laying the foundation toward an understanding of what design involves in all of its myriad aspects, and how it affects our everyday lives.

Learning Outcomes:

The point of this course, beyond the obvious acquisition of knowledge of the topic we will be addressing over the term, is to have you engage in an open and active discussion of key historical and contemporary issues from the various perspectives offered by the authors we read, the course instructor, as well the thoughts of your peers on the topics addressed in class discussions. You should be able to critically engage with the readings and the designs encountered in this course, both verbally and in writing, and both in a summary form and more expansively. In some cases, some students may be encouraged to take a more inventive approach to looking at the problems and issues presented in this course.

By the end of this course you will have acquired an introductory understanding of the history, theory, and practice of design, as well as have gained a knowledge of some of the issues and expectations of contemporary designers in various fields of design.

Evaluation: marks will be based on the following:

1. 15%, the Norman door project. Find and document a poorly designed object, space, concept, etc., virtual or real, in the spirit of Don Norman's complaints about doors and how many of them are poorly designed. How would you propose solving it? Due October 3.

2. 20%, mid-term test. Combination of short answers and multiple choice (one and a half hours). In class, October 24.

3. 35%, the major project. This can take two directions. For the more traditional scholars in the course, select an object or concept, such as a radio, lamp, chair, automobile, the rules of a sport, urban plans (the growth of the city of Paris, for example), mobile devices, an app, etc., trace its history and the changes that have occurred in its design and the reasons for the changes. Don't expect these changes to be linear as sometimes improved functionality dictated a change, at other times, taste. For the more creatively inclined students in the class who like to make things, do the same but with the objective of designing a better chair, lamp, app, etc. Your look at the history and reasons for changes should be incorporated into your design decisions in proposing a better version of the object or concept you are addressing. Due the morning of November 28.

4. 30%, final exam. Combination of image ID, short answers, and multiple-choice questions (two hours). Final exam period in December.

N.B. Team proposals/projects will be considered for the major project.

Penalties: any assignment submitted late will be penalized 5% per day and will not be accepted 5 days past its due date. If there are medical grounds, then documentation must be provided to the Academic Counselling Office of your home Faculty.

A Few Important Resources, Rules, and Regulations:

Prerequisite Checking:

You are responsible for ensuring that you have successfully completed all course prerequisites and that you have not taken an antirequisite course. Lack of prerequisites may not be used as basis of appeal. If you are not eligible for a course, you may be removed from it at any time, and you will receive no adjustment to your fees. These decisions cannot be appealed.

Plagiarism:

Plagiarism, which may be defined as “The act or an instance of copying or stealing another’s words or ideas and attributing them as one’s own,” will not be tolerated. (Citation excerpted from Black’s Law Dictionary, 1999, 7th ed., p. 1170). It includes, but is not limited to, the unauthorized use of AI tools such as ChatGPT to create content that is submitted as one’s own. In this course, students are permitted to use AI tools exclusively for information gathering and preliminary research purposes. Students must however critically evaluate the obtained information, exercise independent thinking, and engage in original research to synthesize and develop their own ideas, arguments, and perspectives. The use of AI tools can serve as a starting point for exploration, however students are expected to uphold academic integrity by appropriately attributing all sources and avoiding plagiarism. Assignments should reflect the students own thoughts and independent written work. Plagiarism also includes presenting the visual or aural work of another creator as your own. Visual or Aural Plagiarism may involve both hand-based media such as drawing, painting, printmaking and sculpture, as well as digital media such as photography, video and sound. It includes work subsequently manipulated or transferred between different media, as well as self-plagiarism – work submitted for assignments previously produced and graded for another course. Similar to textual plagiarism, all student work involving the visual or aural work of others must be appropriately cited/identified whether in print or orally. Failure to do so will lead to similar academic penalties as those identified in Western’s Academic Calendar.

Student Conduct:

All students will conduct themselves in a manner that will be consistent with the maturity and academic integrity expected of university students. Student conduct shall be consistent with the general laws of the community and with University regulations. Students shall show regard and respect for the rights, safety, and property of all members of the University community and are expected to act in a responsible manner within the University and the community at large.

https://www.uwo.ca/univsec/pdf/academic_policies/appeals/code_of_conduct.pdf

Academic Sanctions:

In instances of non-payment of prescribed tuition and other fees, the University shall seal the academic record. When an academic record is sealed, the student will not be able to: a) view grades; b) register in future courses; c) receive transcripts or a degree diploma; d) obtain admission or readmission.

The above prohibitions shall be in force until such time as indebtedness to the University, including payment of fee for removal of the seal, has been cleared to the satisfaction of the University.

http://www.westerncalendar.uwo.ca/PolicyPages.cfm?PolicyCategoryID=1&Command=showCategory&Keywords=academic%20sanctions&SubHeadingID=169&SelectedCalendar=Live&ArchiveID=#SubHeading_169

Additional Course Material Request Policy:

For online courses the material may be presented in a variety of ways at the instructor's discretion. Requests for additional material can only be made in cases necessitating academic accommodation. If a student requires Academic Accommodation for the course material, they can contact Western's Academic Support & Engagement department. <http://academicsupport.uwo.ca/>

Academic Consideration:

The University recognizes that a student's ability to meet their academic responsibilities may, on occasion, be impaired by medical illness. Illness may be acute (short term), or it may be chronic (long term), or chronic with acute episodes. Academic Consideration provides students with consistent, fair, and pedagogically appropriate consideration, without compromising the academic integrity of the course or program, when they have been unable to complete some component of a course due to short-term extenuating circumstances. Students who have long-term or chronic medical conditions (physical or mental) that may impede their ability to complete academic responsibilities are directed to seek Academic Accommodation through Accessible Education ([Academic Accommodation for Students with Disabilities](#)).

The University further recognizes that medical situations are deeply personal and respects the need for privacy and confidentiality in these matters. However, in order to ensure fairness and consistency for all students, academic consideration for work representing 10% or more of the student's overall grade in the course shall be granted only in those cases where there is documentation indicating that the student was seriously affected by illness and could not reasonably be expected to meet their academic responsibilities.

Documentation shall be submitted, as soon as possible and no later than 48 hours after the end of the period of absence covered, to the Academic Counselling unit or Dean's Office of the student's Home Faculty together with a request for relief specifying the nature of the academic consideration being requested. These documents will be retained in the student's file, and will be held in confidence in accordance with the University's [Official Student Record Information Privacy Policy](#). Once the petition and supporting documents have been received and assessed, appropriate academic consideration shall be determined by the Dean's Office in consultation with the student's instructor(s). Academic consideration may include extension of deadlines, waiver of attendance requirements for classes/labs/tutorials, arranging Special Exams or Incompletes, re-weighting course requirements, or granting late withdrawals without academic penalty. Academic consideration shall be granted only where the documentation indicates that the onset, duration and severity of the illness are such that the student could not reasonably be expected to complete their academic responsibilities. (Note – it will not be sufficient to provide documentation indicating simply that the student “was seen for a medical reason” or “was ill.”)

Whenever possible, students who require academic consideration should provide notification and documentation in advance of due dates, examinations, etc. Students must follow up with their professors and their Academic Counselling office in a timely manner.

Documentation from Family Physicians/Nurse Practitioners and Walk-In Clinics:

A Western Student Medical Certificate (SMC) is required where a student is seeking academic consideration. This documentation should be obtained at the time of the initial consultation with the physician/nurse practitioner or walk-in clinic. An SMC can be downloaded at http://www.uwo.ca/univsec/pdf/academic_policies/appeals/medicalform.pdf.

Documentation from Student Health Services:

At the time of illness, students should make an appointment with a physician/nurse practitioner at Student Health Services. During this appointment, request a Student Medical Certificate from the Physician/Nurse Practitioner.

Documentation from Hospital Urgent Care Centres or Emergency Departments:

Students should request that an SMC be filled out. Students may bring this form with them, or request alternative Emergency Department documentation. Documentation should be secured at the time of the initial visit to the Emergency Department. Where it is not possible for a student to have an SMC completed by the attending physician, the student must request documentation sufficient to demonstrate that their ability to meet their academic responsibilities was seriously affected.

Attendance:

Under university regulations, if someone misses more than 15% of their classes (15% is equivalent to missing 8 hours of Lecture and/or Studio Lab, due to absence or lateness, or a combination of both, per semester) without written corroboration for health or bereavement, students can be debarred from participation in final evaluations and/or assignments.

Note that if a student is consistently absent from a 3-hour class for 1 hour, they will exceed the 15% cutoff and be debarred; assignments may stop being accepted and such assignments will receive a mark of 0 (zero).

Religious Accommodation:

Students should consult the University's list of recognized religious holidays, and should give reasonable notice in writing, prior to the holiday, to the Instructor and an Academic Counsellor if their course requirements will be affected by a religious observance. Additional information is given in the [Western Multicultural Calendar](#).

Electronic Devices:

During Exams: Unless you have medical accommodations that require you to do so, or explicit permission from the instructor of the course, you may not use any electronic devices during any tests, quizzes, midterms, examinations, or other in-class evaluations.

During Lectures and Tutorials: Although you are welcome to use a computer during lecture and tutorial periods, you are expected to use the computer for scholastic purposes only, and refrain from engaging in any activities that may distract other students from learning. From time to time, your professor may ask the class to turn off all computers, to facilitate learning or discussion of the material presented in class. **Unless explicitly noted otherwise, you may not make audio or video recordings of lectures – nor may you edit, re-use, distribute, or re-broadcast any of the material posted to the course website.**

Support Services:

There are various support services around campus and these include, but are not limited to:

Registrarial Services <http://www.registrar.uwo.ca>

Student Support Services <https://student.uwo.ca/psp/heprdweb/?cmd=login>

Services provided by the USC <http://westernusc.ca/services/>

Academic Support and Engagement <http://www.sdc.uwo.ca/>

Students who are in emotional/mental distress should refer to Health and Wellness

<http://www.uwo.ca/uwoom/mentalhealth/> for a complete list of options about how to obtain help.

Immediate help in the event of a crisis can be had by phoning 519.661.3030 (during class hours) or 519.433.2023 after class hours and on weekends.

Health and Wellness:

Western offers a variety of counselling services and several mental health resources for students. If you or a friend are feeling overwhelmed, confused or unsure of your mental health state, please don't ignore it. There are steps you can take to help yourself or help others. Western provides several on-campus health-related services to help engage in healthy living while pursuing your degree. For example, to support physical activity, all students receive membership in Western's Campus Recreation Centre. Further information regarding health and wellness-related services available to students may be found at <http://www.health.uwo.ca/>.

If you are in emotional or mental distress should refer to Mental Health Support at Western <http://www.uwo.ca/uwocom/mentalhealth/> for a complete list of options about how to obtain help.

Gender-Based and Sexual Violence:

Western [is committed to reducing incidents of gender-based and sexual violence](#) and providing compassionate support to anyone who has gone through these traumatic events. If you have experienced gender-based or sexual violence (either recently or in the past), you will find information about support services for survivors, including emergency contacts, [here](#). To connect with a case manager or set up an appointment, please contact support@uwo.ca.

Multiple Choice Exams:

Computer-marked multiple-choice tests and/or exams may be subject to submission for similarity review by software that will check for unusual coincidences in answer patterns that may indicate cheating.

Plagiarism-checking Software:

All required papers may be subject to submission for textual similarity review to the commercial plagiarism detection software under license to the University for the detection of plagiarism. All papers submitted for such checking will be included as source documents in the reference database for the purpose of detecting plagiarism of papers subsequently submitted to the system. Use of the service is subject to the licensing agreement, currently between The University of Western Ontario and Turnitin.com (<http://www.turnitin.com>).

Grading Rubric:

90-100 (Outstanding, A+) The writing shows significant originality and exhibits a high degree of critical engagement. Sophisticated synthesis and analysis of the theoretical and conceptual dimensions of the topic are demonstrated. Mastery of complex material and ideas is immediately evident. The topic is treated with sensitivity and subtlety of thought. The quality of the background research is exemplary. Regarding research, all major secondary sources pertaining to the topic have been consulted and proper citation has been used.

80-89 (Excellent, A) The writing shows originality and exhibits a high degree of critical engagement. Writing is probing through the use of comments and/or questions, and is clearly focused and logically organized. The quality of writing immediately engages the reader. Mastery of complex materials and ideas is demonstrated. The writing is of appropriate length, and demonstrates mastery of techniques so that results are meaningful and not simplistic. Regarding research, a majority of the secondary sources pertaining to the topic have been consulted and proper citation has been used.

75-79 (Very Good, B+) The writing shows above average analysis, critical thinking and independent thought. Written claims are supported by ample evidence and the components of the topic are well-researched and presented. The work is addressed in reasonable depth and/or breadth and covers material appropriate to the course. Written analysis is organized around focal points and the development of the argument is easily followed. The writer demonstrates an above average ability to write in an intelligible style and to condense material meaningfully and with a concern for priorities of that material. Regarding research, a representative selection of secondary sources pertaining to the topic has been consulted and proper citation has been used.

70-74 (Good, B) The writing shows a satisfactory attempt at analysis and critical thinking. Written claims are supported by reasonable evidence. The work is addressed in some depth and/or breadth, with references to the appropriate literature and course material. Written analysis is organized around focal points. The text is generally well written and well argued. Regarding research, a somewhat limited selection of secondary sources pertaining to the topic has been consulted and proper citation has been used.

60-69 (Competent, C) The writing demonstrates adequate engagement with the topic. The writing is on topic and is a reasonable response to material covered in the course, but goes no further. Written facts are stated accurately; the quality of writing is sufficiently intelligible with enough elaboration and enough connections made between ideas to permit a reader to understand the point of the text. Regarding research, an insufficient number of secondary sources pertaining to the topic has been consulted but proper citation has been used.

50-59 (Marginal, D) The writing shows less than adequate engagement with the topic and with the material covered by the course. The writing is a less than adequate summary of sources and/or is considerably off-topic. Written facts are stated inaccurately or ambiguously; the writing style is difficult to follow; there is insufficient elaboration to permit reader's comprehension of relations among ideas; little judgment is shown in selecting detail for inclusion in the text. Regarding research, few secondary sources pertaining to the topic have been consulted; proper citation may or may not have been used.

Below 50 (Unacceptable, F) The writing demonstrates a failure to comprehend the topic. Written material is disorganized and unintelligible. The work clearly does not meet the minimal requirements of the assignment. Regarding research, secondary sources pertaining to the topic have not been consulted and proper citation has not been used.
